**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-34 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The examiner finds applicant's new arguments concerning Estrada references (Applicant's remark, dated 1/21/2009) persuasive. Estrada does not teach the combination of the claimed element including "indicating one project from the group of projects as an active project", "detecting, though a second detecting means, a project, which is active at the time when said event is generated; detecting, though a third detecting means, whether at least one of the information objects described in said event is contained in a list of information objects related to said active project; and if said at least one information object described in said event is not contained in said list of information objects related to said active project, then adding a description of said at least one information object to said list of information objects related to said active project" as recited in independent claims 1, 28.

Thus, prior art of record neither renders obvious nor anticipates the combination of claimed elements in light of the specification. After a further search and a thorough examination of the present application and in light of the prior art made of record, claims 1, 28 are allowed.

Dependent claims 2-27, 29-34 are allowed at least by virtue of their dependency from claims 1, 28.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Khanh B. Pham whose telephone number is (571) 272-4116. The examiner can normally be reached on Monday through Friday 7:30am to 4:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hosain Alam can be reached on (571) 272-3978. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
